

AN ACCOUNT OF THE DESCENDANTS OF

DANIEL PERRIN - "THE HUGUENOT"

through his son - JAMES PERRIN

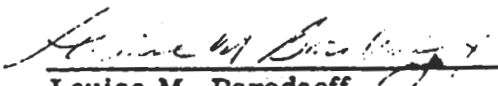

In 1665, DANIEL PERRIN arrived in this country, coming here as one of eighteen male servants belonging to Sir George Carteret and Captain Philip Carteret. He and the others were brought here on the ship "Phillip" by Captain Philip Carteret. They arrived in New York on July 29, 1665 and in Elizabethtown in August 1665. His marriage to MARIA THOREL in Elizabethtown was the first marriage in that locality.

William Davison Perrine, in his genealogy, refers to Daniel Perrin as the 2nd Huguenot from Old Jersey to Staten Island in 1665 and that his children moved to Matchaponix, Perrineville and Old Tennant in the early 1700's and to the area of the Heightstown and Freehold Road, then known as Texas. William Davison

Howland Delano Perrine, A. B., LL. B. (of the New York Bar), in his genealogy entitled "Daniel Perrin 'The Huguenot' And His Descendants in America, of the Surnames Perrine, Perine, and Prine, 1665-1910, privately printed in South Orange, New Jersey in 1910 (250 copies), refers to him as being the son of Pierre Perrin of the Isle of Jersey and that Daniel Perrin came from France (Sieur de Blenville et Rochelle) - the 2nd Huguenot from Old Jersey to Staten Island. He states that Maria Thorel was from Rouen, France. Mr. Perrine drew heavily on historical notes on this family made by his grandfather - the Rev. Humphrey Mount Perrine, supplemented by further facts provided by the Rev. Perrine's neice - Mrs. Jane La Rue Perine Mesick. His work is extremely extensive and is available in the library of the Genealogical Society of Pennsylvania, Philadelphia, Pennsylvania.

Howland Delano Perrine also presents a "Coat of Arms", reputedly belonging to the family in question. They are presented on the following page, along with his information regarding same. William Davison Perrine also noted that there was a "Coat of Arms" for this family.

The genealogy contained in the following pages has been researched as much as it is possible to do so. I know that I do not have all of the descendants of Daniel Perrin through his son - James, but have attempted to make this as complete as possible.

PERRIN ARMS AND CREST

ARMS: *Argent, on a chevron, between three escallops, sable, three crosses pattée, or.*

CREST: Out of a ducal coronet, *or*; a peacock's head, proper.

As displayed these Arms and Crest have been extant in our family for over 150 years past. Step by step this fact has been carefully traced back for that period of time, and then became lost, and every effort made to ascertain their earlier history, but without success. To or by whom, and when these Arms were originally granted, or assumed, could not be ascertained through any of the official sources, or otherwise.

The tradition met at every turn is that these Arms were on a signet ring of Daniel Perrin, "The Huguenot," and have been preserved to us by means of copies of a rough sketch that had long ago been made either from this ring, or an impression therefrom. This ring is not now known to be in existence, and probably disappeared very many years ago, no trace now being found.

The fact that these Arms have been so known and claimed for so long a period, lends color now to the justice of that claim, which dates from a time when such insignia had a real meaning and value, and were not displayed or used without good reason, which, at a much later period, became and is now largely the case.

Under the surname of "Perin," these Arms and Crest will be found recorded in Burke's Encyclopædia of Heraldry and General Armory, Ed. 1884.

Being so recorded by this English authority, a full and careful search has been made for any data bearing on its early history in the archives of the College of Arms, at London, by G. Woods Wallaston, Esq., officially known therein as "Bluemantle," whose services were retained for that purpose, the search covering a period anterior to the War of the Revolution. Mr. Wallaston's reports as to the results of his search are as follows:

"I have made a careful search in our Records for Entries of the family of Perrin. * * * I can find no mention of any Daniel Perrin, nor of the Arms or Crest you state. I may say that Arms of families in the

Channel Islands are not very perfectly recorded. These Islands were not included in the Visitations, partly possibly, on account of the difficulty of access in those days, and also being of French origin, and to some extent self governing, they were more in the nature of Colonies than part of the Kingdom. Many of the families have since obtained authorized confirmation of their Arms, but not all. In Burke's General Armory (1878 Ed.) the Arms of Perrin of Jersey and Guernsey are given as 'gules, 3 greyhounds courant in pale argent,' on what authority I know not. In a book published in 1860, entitled 'Armorial of Jersey,' by I. Bertrand Payne, no mention is made of Perrin. I am sorry that the result of my searches does not provide the information you require, but I trust it may be of some assistance to you."

In a subsequent communication Mr. Wallaston says:

"Commencing in the 16th Century and continuously from then till the end of the 17th Century, Royal Commissions were issued to the Heralds to visit all the counties in England and obtain proof of and register all Arms to which right could then be shown. Such visitations were in the nature of Assize, and fines and penalties were enacted against those who failed to come in. Each county was visited several times and in consequence, a pretty complete list was obtained of all Arms then in use to which any right could be shown, and no Arms were to be admitted which were not allowed at such visitations. Arms had of course been granted in due form before this, but the registration of such being found to be incomplete, these visitations were enacted. From the date of these visitations all Arms duly granted have been registered."

Thus we see that the warrant of the descendants of Daniel Perrin, "The Huguenot," to the use of these Arms rests upon tradition and possession, covering a period of over 150 years.

this line of argument, and acting under the authority conferred by his Instructions, Governor Carteret followed the precedents of earlier American Governors, sanctioned by the Duke of York's Laws, and readily granted marriage licenses to those wishing to dispense with the delay and the notoriety of a publication of the banns for three weeks. The earliest known of these licenses was in this form :

"Whereas I have Received Information of a mutuall Intent and agreement betwene Daniel Perrin of Elizabeth Towne in the Province of New Jersey and Maria Thorel—of the same Towne Spinster to solemnize Mariage together for which they have requested my Lycence and there apearng no Lawfull Impediment for y^e Obstruction thereof These are to Require you or Eyther of you to Joyne the said Daniel Perrin and Maria Thorel in Matrimony and them to pronounce Man and Wife, and to make record thereof according to the Lawe in that behalfe provided for the doing Whereof this shall be to you or Eyther of you a sufficient Warrant. Given Vnd^r my hand and Seale the twelfth day of February An^o 1665 and in the 18th Yeare of his Mat^{ties} Raign King Charles the Second &c &c

"To any of the Justices of the Peace PIII: CARTERET"
or Ministers W^{thin} the Government
of the Province of New Jarsey "

Appended is the entry :

"These Couple where Joyned to

Licenses in the same form were granted April 30, 1666; August 31, 1667; April 21, 1668, and frequently thereafter.² As the marriages in these cases were performed by James Bollen, the Secretary of the Province, who entered them on the records, it is very probable that many more licenses were granted of which we have no record, where the ceremony was performed by other Justices of the Peace.

FOURTEENTH GENERATION

PIERRE PERRIN, Huguenot Norman of French descent, a Protestant born in La Rochelle, France. Came to America and settled on Staten Island in 1685, died in 1698. **PIERRE PERRIN** came to America after his son - **DANIEL PERRIN**.

DANIEL PERRIN, the Huguenot, came to America aboard the ship "Philip" in 1665. The marriage was said to be the first solemnized in the new government and the license to marry was issued by Governor Carteret. According to William Davison Perrine, a bronze tablet to the memory of Daniel Perrin and Marie Thorel was placed in the French Episcopal Church, New York City (ref: Reformed Dutch Church, Port Richmond, Staten Island, New York). From Elizabethtown Daniel Perrin moved to Staten Island, on the western shore opposite Elizabethtown, at a place then called 'Smoking Point'. He received an 80-acre grant of land from Governor Benjamin Fletcher, this confirmed on May 16, 1695 by a grant from the Crown. Daniel and his second wife - Elizabeth - appear in the records of the Reformed Dutch Church, Port Richmond, on September 6, 1719, when they were sponsors at the baptism of their grandchildren, Willem and Daniel Stilwell, children of their daughter, Sarah.

DANIEL PERRIN and **MARIA THOREL** had the following children:

No further information is known about Ezekiel although in 1850, Stafford

This Ezekiel may have been the son of Ezekiel Perrine, above and grandson
of Henry D. Perrine. He married Theodosia Hebberson on 10/10/1842

War and both he and Theodosia are interred at Cedar Grove M. E. Cemetery.

81. JOHN H. PERRINE, born 7/6/1813, married CHARLOTTE
PERRINE, daughter of Matthew and Ruth Perrine. (Howland Delano (Sep 15)

will names him as John H. Perrine which would presumably be correct.)

Reference is made to Page 19, No. 64 - MARY PERRINE and JOHN BEATTY. Children, Numbers 159 through 163, were listed by Howland Delano Perrine. However, the 1850 Census for Upper Freehold, Monmouth County, gives the following:

John BEATTY	40
Mary	35
Ann	16
Sarah	11
Jane N.	10
George	8
Elizabeth	6
Wykoff	3
Mary	6/12

Inasmuch as Mary Perrine did not marry John Beatty until 1840, and assuming that the Census record above is the same family, it would seem that Mary Perrine was the second wife of John Beatty, and that their children should be listed as:

Jane N. Beatty
George Beatty
Elizabeth Beatty
Wykoff Beatty
Mary Beatty

Also: Referring to Page 20, Number 72, LYDIA PERRINE married JOSHUA BROWN - the 1870 Census for Jackson Township, Ocean County, #271, lists a Lydia Brown by herself. Whether this is the same Lydia Perrine Brown is questionable, although the age given would be correct. Joshua is not listed with her, although he would have been living at the time.

(Howland Delano Perrine also gives the name of Theodore Perrine as a son.)

The 1900 Census lists a son, Theodore G. being born in
Aug. 1887. Elizabeth died in 1921 and Daniel in 1931.

Peter Perrine, 21, was living in Ocean Co. in 1863, during the Civil War Reg.

Theodore Perrine 5-20 yo.

- probably should be Mary

The 3 children listed are all interred with their parents. Zephiah's birthdate is given as 10/9/1871. The stone for Mary just has 1881 on it so she may have died in in Calif. and Minnie another daughter born 1882-1886.

158. Isaac was born 26 Sept. 1855.

Isaac died in 1895/ bur. Hermannsuhl's Pres. Cem. as Rachel, with her children, appear with her brothers William + Curlis, in VANHISEVILLE.

The 1900 census (ED 157, SH. 18, Lines 1-4) show that Rachel remarried, in 1898, to ESTEL. Her husband is not enumerated with the family. Rachel is listed as head of household with her 2 children Grace and Ernest Storret and her brother William. Rachel died 9 April 1905 and was interred in Hermannsuhl's Cem.

Apparently this was the second marriage for Elizabeth VanArsdale as the 1880 Census for Jackson Township shows:

Daniel PERRINE	28
Elizabeth	31
Sylphia	6
Mary	1
Sarah BURK	10 (step-daughter)

or this is the incorrect Daniel Perrine.

The keepers included Samuel Perrine (1849), Warner Kinsey (1869), Charles Martin Jr. (1873), Benjamin F. Martin (1876), Samuel Perrine (1879), John Kelly (1883), Charles G. Perrine's Boat Works started in 1900 and was owned by J.Howard Perrine and his father Samuel Perrine. Before it was Perrine's it was an old school house in [Barnegat](#), New Jersey. At the boat works, they built and improved upon the original Barnegat Bay Sneakbox making it better to use for duck hunting, [clamming](#), and [oystering](#).

By 1920, Perrine's made a 15-foot long sneakbox. These sneakboxes were used for inshore sailing. Perrine's Boat Works made and sold over 3,000 of these sneakboxes in the United States.

The re-created Perrine's Boat Works at the Tuckerton Seaport has models and examples of the Original Barnegat Bay Sneakbox. A local boat builder named [Gus Heinrichs](#) does daily demonstrations of Sneakbox building.

Harvey Cedars History

Before beach erosion and human development changed the face of Long Beach Island forever, the northern end of the island from the [Barneget Inlet](#) to the Great Swamp ([Surf City](#)) was covered with a cedar wood. Early inhabitants of the area harvested salt hay and seaweed to make a living. The name *Harvey Cedars* was derived from the combination of harvest quarters used by these farmers and the cedars that grew in the area. Incorporated in 1894, the area established its government and retained its independent status after the founding of [Long Beach Township](#) in 1899.

At one time, the area above Sussex Avenue (71st Street) had been called High Point, named by Mr. Isaac Lee, who built the first house in the area (His home still stands on what is now Lee Avenue). High Point was made part of Harvey Cedars in the 1930's, which extended the community to 87th Street.

Samuel Perrine purchased the home of Sylvanus Cox in 1841. Cox had built his house along the bay on a mound of land that protruded through the water. This hummock was several acres wide, and a creek separated it from the island. Perrine made many improvements to the structure and expanded it for use as a boarding house. His Connahassett House soon became well-known and was eventually known as the Harvey Cedars Hotel. The mid-1800's was a prosperous time for the hotel.

Because of his experience at sea and his ability to lead, Perrine was placed in charge of the [Government House](#) constructed at Harvey Cedars in 1847. When the [U.S. Life Saving Service](#) was established in 1871, the government house was sold and towed down to [Beach Haven](#) to be rechristened the Hotel DeCrab. A new structure was constructed for the Service, and Perrine continued as Captain of the Harvey Cedars Life Saving Station until his death in 1881. The building still stands at Long Beach Blvd. and Cape May Avenue and is the home of the Long Beach Island Fishing Club.

The Northern communities of Long Beach Island became less popular after the turn of the century. Both Harvey Cedars and [Barneget City](#) suffered. The railroad did not stop there as often, and even after the automobile causeway was constructed in 1914, the roads from [North Beach](#) on up were nothing more than muddy paths.

The Harvey Cedars Hotel was sold and resold until it was purchased by the Philadelphia YWCA in 1921 and became a women's vacation resort called Camp Whelen. The camp did well until 1935, when it finally had to submit the Great Depression. The Hotel lay dormant until 1941, when it was sold to Jack Murray and Bill Ritchie and converted into the Harvey Cedars Bible Conference. The building is still stands today, the only existing survivor of the Grand Hotel Era.

The bark *Fortuna* wrecked near Beach Haven on Long Beach Island on January 18, 1910. Although this was a significant wreck, New Jersey lifesavers suffered their greatest loss with the wreck of the *Kraljevica* off Barnegat on February 11, 1886. In their attempts to rescue this ship, three surf men died after their boat overturned in heavy surf. (Ocean County Historical Society.)

By the 1880 Census, it would appear that Elizabeth Moore either had a child out of wedlock prior to her marriage to Aaron Burk, or was married prior to marrying Aaron Burk. (No first generation is given in this genealogy of the descendents of Daniel Perrine. To insure continuity, therefore, her name appears in the third generation of this genealogy.)
